By FRANK SCHWASS

With all apologies to Mr. T. Guiney, usual exposé of Executive Board activities, a mention should be made here of the newest of the Greek Letter frats, namely, Sigma Alpha Eta. This frat is, according to reliable reports, dedicated to the recognition, reward, and encouragement of extra-curricular activities in State. The only flaw in the ointment is that the members of this organization are, for the most part, members of the Executive Board. Supposing, to be hypothetical about the whole business, the question of funds for the frat comes before the Executive Board is that august body liable to view the request unfavorably? The members of the organization decide among themselves just who is going to be allowed to join their hallowed group and so the whole frat looks like a nice, tight, clubby bunch to outsiders. Oh well.

Mr. K. Johnson, erstwhile basketball muscle-man, is heading the committee for the promulgation of the "Junior Jam," pre-finals, Low Junior dance to be held in the Gal's gym on May 6. Mr. J's group will give the most intelligent door-prize ever presented at an on-campus dance during the said evening, namely, a full-paid tuition for the Fall term. This door-prize is a welcome relief from the imbecility of other such prizes among which have been boxes of stale chews, cover-charges to leading hotels which the average student could never hope to use, free tickets to College Theatre productions, and other useless trivia. This free-tuition prize means that some guy or some gal will be safe from worry during the summer, knowing in advance that their tuition is already paid.

Tomorrow will see the queues of students waiting outside the polling place to cast their votes for their favorite candidates. The campaign, thus far, has been as flat as a vegetarian's dinner. It would seem that election campaign ingenuity is lacking in this, the best of all possible institutions. Gone are the blaring bands and the tin signs, swiped from nearby auto parks; gone is the liquidity of previous elections and the high-pressure build-ups by friends of the contestants, gone, too, are the life-and-death expressions on the faces of the candidates replaced by expressions of smug complacency... ah, civilization.

Advance publicity anent the simply peachy time that High Seniors will have come Senior week is now available. According to reliable reports, the graduating students will be deluged with teas, corraled for hay-rides, have spaghetti suppers, sit through a theatre party in the Fox Theatre (no adv't), and then rush pell mell into the activities room for a Nursery Rhyme Party. It is expected that with the memories of these notable affairs lingering with them, the Seniors will pass the recipes on to their respective classes when they begin actual teaching. Looks like a kind of vicious cycle.

FASHION SHOW GIVEN BY A. W. S.

The Spring Fashion Show, introducing Miss Claire Gauthier of Butterick Patterns, will be presented Thursday, April 28, at 11:00 a. m. by the A. W. S. At this wash frock review, which will be held in College Theatre, State women will be shown the newest fashions in cotton frocks made from Everfast Fabrics, and suitable for summer wear on the campus.

Kay Landerville, chairman of the fashion show, made arrangements with Butterick Patterns to have Miss Gauthier who is their fashion expert, come and describe the dresses that will be shown as to price, material, and design.

At this show the candidates for A. W. S. offices will be introduced to the audience. The candidates for president are Kay Bailey and Carol Crouch. Ruth Creon and Victoria Regier are competing for vice-presidency, and Kay Landerville and Lois Towle for secretary. Ferne Johnston and Gladys Ketterling are running for treasurer.

Refreshments will be served. Gladys Ketterling and Adele Hopper, co-chairmen of the day, hope that all the women will enter into the spirit of the Wash Frock Day by wearing gingham and cotton dresses.

All women are invited and there is no charge.

ELECTION TOMORROW; THREE PRESIDENTIAL CANDIDATES RUNNING

Polls Open at Nine A. M. Tomorrow; Edwin Smith, Clifford Worth, Norman Zech, Seek Highest Student Positions

By EDWARD PIERCE

April—the time when the student can find a soapbox orator at every corner. There must be something big behind such a flurry of excitement. There is—student body electioning. The students should know their candidates, so here they are, ready for tomorrow.

Ed Smith, low senior, columnist, and soda jerk, is in the line-up for the presidential race. He has held the positions of

STUDENT BODY ELECTIONS WED.

Elections for student body offices will be held tomorrow, Wednesday, from 9 a. m. to 4 p. m. in Room 117, College Hall. Students must present a Student Body Card and sign their class registers in order to vote. A committee, selected by W. J. J. Smith, will be on hand to assist the voters. During voting time, all candidates are requested to stay away from the Student Body Office and the polls, except to vote.

Students are to enter by the door nearest the main hall and exit through the other. There will be five machines, and President Smith asks voters to come early and avoid noonday and last minute rushes. The proposals for amendment will be stated briefly on the machines, but students may obtain complete information from bulletins posted about the halls.

BLOCKMEN MEET TO DISCUSS AMENDMENT

A new, distinctive block letter is in prospect for State athletes, as an amendment to the constitution is to be voted on in the election tomorrow. The new block will probably be about the same size, but will have a small "SF" in the middle of a big "S".

The Block Society is holding a meeting today at 12:15 in Room 118 to discuss this and other matters relative to the awards system. Campaigning for improvements along this line has been going on for some time, with a majority of affirmative votes in tomorrow's election marking a victory for the athletes.

It has long been a criticism of the present Block "S" that it was not distinctive enough, and was too easily confused with many other schools whose names begin with the same letter. An "SF" would be easily recognized as belonging to a San Francisco institution, and would not be mistaken for U.S.F.

basketball manager, football manager, athletic manager, representative to the Athletic Council, and freshman class president; he has been sports editor and managing editor of the Gater; he has taken part in basketball, tennis, and intramural football; and he is a member of the Block "S" society and Alpha Phi Gamma.

Worth Competes

Cliff Worth, high junior, is another competitor on the rough presidential track. Cliff, in turn a feature writer, managing editor, assistant editor, and then editor of the Gater, is a three year member of Delta Sigma, a two year member of the Forensic Council and a member of Alpha Phi Gamma. Last semester he won the Delta Sigma Award. Three more of Cliff's accomplishments include work for the Franciscan, announcing of the football broadcasts, and present chairmanship of the committee for San Francisco State College participation in the 1939 Fair.

Zech in Running

Norman Zech, high junior, is the remaining candidate for the presidency. Norman recently held the position of president of the Music Federation, and he is now Concert Manager for the same organization. In this latter capacity he is making the arrangements for the spring and student-hour concerts. He organized State's marching band, drilled it and drum-majored it. He has served on the Strategy Committee with Ed Smith, Will Smith, and Bud Decker. Recently he was made chairman of the Internal Relations Committee.

Vice-Presidency Race

Sibyl Hurning and Audrey Stewart are the two candidates in the field for the vice-presidency. Secretary nominees are Almarie Porteous and Evvie Stadelman. Vernon Ouellette stands forth as a lone candidate for the position of yell leader. Jim Martin is campaigning for the task of Director of Publicity. The one and only entrant in the race for treasurer is Vernon Rees.

William J. J. Smith offered the following statement: "Every student at State College owes it to himself and to the student body to vote next Wednesday in Room 117. Polls are open from 9 to 4. Your vote is your expression of student policy."

EDITORIALS

Editorials and feature articles in the Golden Gater reflect only the writer's opinion. They make no claim to represent student or administration opinion. All unsigned editorials are by the Editor.

Orchids to Forensics

It is not very often that we of the Golden Gater see fit to pass out compliments, but after hearing the reports of the High School debate tournament held here Saturday we feel that a word of praise is due the Forensic Council for a successful climax to a successful semester.

According to Coach Ogden from Santa Rosa High School, "The State tournament was the best run and the best conducted of all the tournaments we have attended this year." Mr. Ogden and his teams have attended six tournaments throughout California and are in a position to know.

The State tournament was the only tournament which had the reputation to draw out-of-state teams. Fifteen speakers came some 700 miles from Oregon to attend. No other Tournament in California can make this same statement. Not only did these Oregon teams come all this distance but upon leaving they were making plans for attending the next State debate tournament.

Nothing could better show of what State students are capable than the fact that the entire tournament was planned and carried out without faculty help. More than 135 debates were successfully judged. Ninety orations were heard and scored and nearly 20 extem. speeches.

After the success of the Junior play this clearly shows that State students have the ability and energy to carry out large projects on their own initiative. It is our sincere hope that this tendency toward greater student activity will grow and become stronger. The Forensic Council has had more than 60 debates this semester and they are planning to have more than this next semester.

So we extend our compliments to a successful student activity and may there be many more next semester.

Bob Van Houte.

A. G. P. NEWS

BERKELEY, CALIF.—(ACP)—Democratic principles in the U. S. can only be saved by the immediate and drastic revision of the organization and instruction in American universities.

This is the prediction of Dr. Robert Gordon Sproul, president of the University of California, who maintains that "our educational institutions today are pioneering in a strange and unfamiliar world, and the old charts are no longer altogether reliable guides."

Continuing, Dr. Sproul said: "The present problem is the continual adjustment of our institutions to the needs of a new age. But even the changes that may be made now to meet the needs of our constantly changing national life are no assurance that additional needs will not have to be met later."

"In every great transition period, the teachers of men have tried to face squarely the problem of what people needed to know and to do to live happily in the environment of their time and place."

GO-ES' CORNER

By CAROL CROUCH

It's funny what a messy condition State gets itself into about this time every year. There are those patronizing campaign grins smeared all over the place, and cordial back-slapping around every corner. Hoards of heretofore hidden habits of our public characters are brought to light. We are informed, on the one hand, that certain people have devoted themselves body and soul for goodness knows how long to their dear old Alma Mater and her children. That they have served on all the Phi and Pho and Phum organizations at school and by this service are qualified to fill our Student Body offices. We learn from the other hand that these same people are concealing some very malicious innards beneath their apparently clean shirt fronts, and we are torn this way and that between the various and sundry qualifications of the candidates. Most of us end up by not voting at all or by using the eeny, meeny, mienny, moe method. We are promised everything from a girl's lounge to a new faculty, and forget that these same promises were made by all our preceding candidates. We shout and yell and boo and cheer, and cast our ballots for another year. And though we know that everybody cannot win, we can't wish everybody good luck, but knowing that it's more or less a matter of chance, we congratulate the candidates collectively. After the election we'll take sides.

High and Low Notes

At last the spring weather is upon us (or do I have to say it?); you'd never know it by the attendance in the classes. Even the band is coming out of its winter hiding place, the rehearsal room, and is going to give a concert on the lawn in front of Anderson Hall. Mr. Ernst tells me that the group is going to do a bit of Tschaiakowsky, Grieg, Weber, and a few military marches. The band this year is of a higher standard than ever, what with all the material from which to draw. There still are many good musicians in State who are not able to participate in the band, yet the quality is outstanding. The date of the concert on the lawn is April 28, next Thursday, at 11.

The A Capella Choir at last is going to take that long deferred trip. On Thursday, May 5, the Choir is going to take an all day tour down the Peninsula, taking in Palo Alto, Burlingame, and Redwood City, singing at each stop. Two busses have been chartered for the group and a good time will be had by all. Rehearsing at extra periods now, the Choir has been working on "Cousin Jedediah," "The Bells of St. Michael's Tower," "Charm Me Asleep," "Go Down, Moses," and "Lost in the Night." A separate group is to perform special arrangements of McDowell's "Woodland Sketches" and Gershwin's "Summertime." Dick Bailey and Edythe Stoner arranged the McDowell series, which were performed at an A Capella concert here two years ago. Nelson Bonar has made a new and very fine choral transcription of the Gershwin number. Bailey has made all the string accompaniments to these special arrangements, and the whole thing when finally worked up will be an especially fine example of what can be done by our home talent.

Another example of what has been done by an ex-State man is the Suite for orchestra, which has been written by James Snyder, and which is being performed by the College Symphony at the Spring Concert. The modern trend is shown in this suite and has some very good examples of very close harmony. This sort of thing is being encouraged by the faculty and more of these works are being done.

Thumbnail sketches . . . Take Dick Bailey, for instance. Dick has written a suite for string orchestra which was performed on the other side of the bay a while back and very good it is too. He has completed a symphony which will be up to Dick's usual good work. Bailey is a very versatile fellow; besides writing dance orchestra arrangements for the bands of Noel Thomas and Joe Rosen he writes these legitimate compositions and makes his living playing organ in three different churches. Dick is the tall husky fellow who plays alto clarinet in the band, and for your information, girls, he still is unhampered by the designing clutches of any of the lonely women in the music department. There is your chance!

Last Sunday Roger Prior left the St. Francis and his place was taken by Harry Owen and his Hawaiian orchestra. Recently of the Royal Hawaiian Hotel in Honolulu, and of the pictures in Hollywood, Owen plays nothing but Hawaiian music in the modern style. To make your reservations see Jimmy Fitzgerald, the campus representative, or leave a note in his box.

"THE NEWS BEHIND THE NEWS"

So tomorrow is election day.

Tomorrow the cloud of hot air that has been hanging over the college for the past week will fade away into the stratosphere, to disappear completely for the space of one long, wonderful year.

Tomorrow two of the three candidates for the student body presidency will shed their three-piece suits, along with the newly acquired mantles of dignity that seem so strangely incongruous in this, our alma mater.

Tomorrow would-be office holders who have been suddenly smacked between the eyes by a dearth of votes will saunter up to their lucky opponents and offer congratulations, accompanied by a perceptible movement of the larynx and strangely misty lavender eyes. Then they'll go home and think that maybe life in a monastery wouldn't be so bad, after all.

Tomorrow you'll try to move nonchalantly along college hall, only to feel a pair of brawny arms drag you into the nearest corner, and strange voices whisper heatedly that Johnny Doe is indeed the logical man for the presidency, and have you voted yet?

Tomorrow Is Your Day

Tomorrow you vote, and you decide who is to run our student body for the coming year.

Tomorrow you, you, and you run this student body, but don't ever fool yourself, because tomorrow is the only day that you have anything to say. This will be your inning, so we're wondering if you'll step up to the plate and slap out a four-bagger.

Tomorrow you're king and queen, but the pretender to the throne is going to knock you out of your epidermis in quick fashion, so don't let all of this sudden attention go to your head.

Student Cogs

Tomorrow you cogs in this gigantic machine had better run dutifully up to the polls, cast your vote, and leave. Don't feel hurt if the same people who two minutes earlier had slapped your back decide that you're just an accurate facsimile for a piece of glass, and look right through you.

We will go to the polls in the manner of all dutiful citizens of the college, but we hope and pray that no such sounds as "ba-a-a" will emanate from the voting line forming to the right.

Tomorrow. . . .

Flash From Franciscan

A note from Associate Editor Sibyl Hurning of the 1938 Franciscan bears the cheerful news that the year book will make its appearance on the campus on or about May 6, a scant two weeks from the date of this writing.

The covers, Sibyl tells us, will be in black fabricoid, an excellent material that has not been used on local annual covers prior to this issue. This, in itself, should be something of an innovation, but added to that, we are informed, will be new designs, in makeup and photography guaranteed to please the most critical eye.

Remember, you don't have to reach in the sock for the \$1.50. You paid for the book when you registered this semester.

Five Meet, School Records Broken As Chico Wildcats Defeat Gater Track Squad

Shot by Harold Martin while smashing the broad jump record last Saturday in the Chico State track meet is LUTHER THEOFIELD, Gater dash and broad jump man. His leap here is 23 feet, 5 inches. The white paper in the foreground marks the 24-foot line.

AGGIES WIN 5-2 OVER TIDE NINE

Losing its seventh consecutive game, the Gaters were defeated 5-2 by the Cal Aggies last Saturday at Davis.

Joaquin Martinez held the Aggies a 2 to 2 tie until the seventh inning, when Catcher Serpa and shortstop French homed with one base. A run in the eighth stanza put the game on ice.

Continuing his sensational batting spree, "Sandy" McRitchie kept the Gaters in the game by timely hitting. Singles in the first and third innings by the midget first sacker Fred Bill Hammond and "Spider" Garner. McRitchie also collected a triple in the sixth canto which went for naught.

The Aggies amassed 11 hits from Martinez, while the Franciscans were held to seven by the effective pitching of Pitcher Wetzel.

Going into the last week of the baseball season, the Hardenites will play three home games, meeting Marin and Santa Rosa Jaysees on Tuesday and Wednesday and Cal Aggies on Saturday.

Theofield, Kannisto Smash School Records As State Takes 77-54 Defeat

By ERNIE MIGUEL

It was a Battle of Giants—the best track and field squad in the history of Chico State versus the best squad in the history of San Francisco State—and when the smoke of battle cleared the green-sward of Kezar Stadium was littered with broken records.

Benny Reams, Paul Dallas, and Pat Sullivan of the invading Wildcats led the Northerners in their 77-54 win over the Golden Tide, breaking the meet records in the 100, 220 and broad jumps respectively.

Loose-jointed Luther Theofield of the Tide took a close second place in the broad jump, but broke the State record of 22 feet 7 inches, with his leap of 23 feet five inches.

Arvo Kannisto smashed the State record in the 880 set in 1935 by Stan Kuder of 2:01 with his time of 2:00.2.

Hopkins High Point

"Hoppy" Hopkins took the meet in his usual stride, being high point man for the sixth time this season with thirteen points to his credit. Other Staters high on the scoring list were Fred Kline with ten and Luther Theofield with 7.

Pantages was left out completely, in the discus, where he is usually garnerer of second or third place, and took third in the shot, Campbell and Vanosek of the Cats proving too hefty for the State man.

Stein was second and Hodgins third in the discus event, coming in close behind Campbell.

Harkness Ties

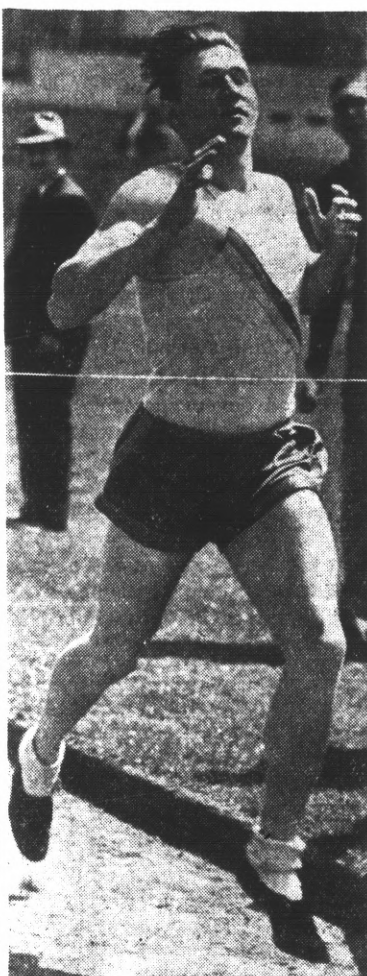

A tie for first place in the pole vault between Bill Harkness of State and Buckley of Chico split the score in that event, with Hopkins taking first in the other jump event.

Chico State garnered eight firsts, eleven seconds, six thirds, and one tie in the meet, State getting seven firsts, five seconds, and seven thirds.

GATERS BEAT DONS IN POLY TOURNEY

Still leading the league with four wins and one loss, the Gater basketball squad defeated the U. S. F. team 42-28 last Thursday night.

Joe Sanz, leading scorer for the Gaters, had a poor night, garnering only seven tallies for the evening. Billy Hammond, "Mighty Mite" of the Gater forward wall, led the scoring column with 14 points.

Another record breaker for State last Saturday was ARVO KANNISTO, pictured above breaking the 880 yard dash record for State. He pulled in ahead of Garner of Chico for first place and the new State record of 2 minutes, .2 seconds.

Final Skating Party Held At S. F. Ice Rink

Approaching Finals Forces Dropping Three Sessions Off Schedule

The seventh and final ice skating party will be held on either May 5 or May 12, at the San Francisco Ice Rink, according to Anthony Tassi, organizer of the skating sessions.

The Winter Sports Club had originally planned to hold ten sessions, but due to the fact that it is getting late in the season and finals are not far off, there will be only one more party. There will be no admission charged at the final meeting and only a student body card will be necessary. Students without skates, however, will have to pay the usual fifteen cent skate rental charge. The party will also be held during the usual hours, 10 to 12 in the morning.

Tassi intends to be busy during the next two months getting in touch with other colleges in an attempt to form a West Coast Ice Hockey League for next fall. Colleges to be included in the league are: Stanford, California, St. Mary's, San Francisco and San Francisco Junior College. California University is the only one of the above that has a team at the present. U. S. C. and U. C. L. A. have teams but also have their own league at the present.

Tuesday again and I'm bubbling over with information. First—Did we all have a perfect time at Point Reyes this week-end? You bet, even if we did dodge mosquitoes all night. Thanks again, Bolander Girls, for your grand hospitality. . . .

Tonight two W. A. A. members will leave for Pullman, Washington, to attend the A. F. C. W. Conference. Who are they? Elizabeth Hickey, our new prexy, and Roberta (Bobbie) Sandeen, prominent W. A. A. worker. The girls will stay at the Washington Hotel—Tea at the Washington State Sorority House . . . and Formal dinner at the Hotel. Upon arrival they will meet Mrs. Velda Rowe, the former Miss Velda Cundiff, P. E. instructor at State a year ago. At the convention meeting the girls will discuss "Participation in Sports". Another question discussed will be "Modern Dance and the Schools". Best of luck, girls. Don't eat too much and don't spend all the money. . . .

Flash!!! Final results of the election: president, Elizabeth Hickey; vice-president, Peggy Smith; secretary, tie between Roberta Porter and Dorothy Bareillas; and treasurer, Elsie Bernard. Congratulations, Gals. . . .

Golden Tide Racquetters Drub Santa Clara Broncos As Witt Wins 6-0, 6-0

Gaters Make It Two In a Row Over Broncos With 7-2 Victory

Tremendously handicapped by the probable absence of its first three men, the State tennis team takes on San Jose State squad this afternoon on the latter's courts, in the last of the 1938 conference matches. Having lost three and won four, and facing sure defeat today, the Gaters will finish far down in the standings.

The Golden Tide racketmen proved, on last Friday, that their previous victory over Santa Clara was no fluke, for the Broncos were dumped again, this time to the tune of a 7-2 score; the initial match turned out 5-4 for State.

Jack Witt, number one man for the winners, played some of his hottest tennis of the season to win twelve straight games, and thus blasted Don Dodd off the courts in short order.

"Babe" Arlington played second in Rod Kavanagh's absence, tangled with Norv Lewis, and lost out in three long sets.

Doug Crary had a ding-dong battle with Bob Sullivan and merged the victor by 7-5, 7-5 scores. Mitch Nasser, who put on a fine up-hill battle last week against Turturici and won, did not have what it took this time, and lost to the same player 6-4, 8-6. Joe Sanz and Ken Kim also turned in singles victories for State.

The summary for the doubles follows:

DOUBLES

Witt-Crary (SF) def. Sullivan-Lewis (SC) 6-2, 6-4.

Arlington-Kim (SF) def. Dodd-Buckley (SC) 6-2, 6-3.

Sanz-Nasser (SF) def. Turturici-Kerwin (SC) 6-3, 6-1.

GATER BAD SQUAD MEETS CAL HERE

In the first intercollegiate badminton match engaged in by State, the local racketmen battle the University of California squad tomorrow night in the Women's gymnasium at eight o'clock.

Relfe Miller, a member of the faculty in the physical education department of the transbay institution, heard of the deep interest in the indoor court sport at State, and proposed that a match be arranged. He communicated with Hal Harden, supervisor of noon recreation, and a time and place for the exhibition was fixed.

Doug Crary, student director of noonday sports, and Ru Stone, an outstanding player, are serving as manager and coach, respectively, for the Gaters' delegation.

Mr. Miller will probably bring a squad of eight men to engage in both singles and doubles. Among the men who will oppose them will be Stone, Bill Stein, Bob Bragg, Carl Goldstein, Jack McCann, "Kaintuck" Wheeler, Al Luntz, and "Red" Buchanan.

JUST DROPPED IN . . .

Rumor received by this department is to the effect that several other Pacific Coast colleges are invading State with offers to one of State's best footballers of 1936 to play football for said colleges, namely, Fresno State, San Jose State, and University of Arizona.

It's putting it in the mildest form possible to say that it is a Hell of a note when State can be so stupid and backward as to allow other colleges of the same standing to come along and take over State trained athletes to play for them and then stand back and wonder why we never come near to putting out teams equal to theirs.

* * *

Four years ago San Jose State was a small backwater, hick college with football, basketball, and other teams against which San Francisco could put up a close battle, if not often knocking them over with ease. Now take a look at the city papers during any season, and you will find San Jose State Spartans drubbing all the other state colleges they meet, beating the Marines, and playing as far away from home as Hawaii and Arizona.

* * *

All the change of the Spartans from a mediocre, losing team to a winning organization has been since San Jose started their well-known system of subsidization and boarding of athletes in the famous "Varsity House."

Another remarkable note in the evolution of a losing college to a winning school is that of the development of the Fresno State Bulldogs. Several years ago San Francisco State was able to come close to, yes, sometimes even beat, the Fresno Pekingese, but now the Peke has developed into a true Bulldog, ready to nip the Gater footballers at every meeting of the two.

* * *

And now these three colleges, taking advantage of the stupid, insane manner in which San Francisco State sports are managed, have the supreme gall to approach a player already enrolled at State, and a sophomore in standing, with offers of deserting the Gaters and playing for them.

All of which leads up to the fact that the athletic situation at State will be left in the same position as it was last year, with eleven first string men failing to return to college for a second season, if Staters do not wake up and DO something about it instead of gabbing about and being Monday morning quarterback. . . . And now is the time to do it!
